

Verify and update your demographic data

It is important that your practice data and information on UHCdental.com is always up to date. Keeping your demographic information current ensures members can connect with you and seek the high-value dental care your practice delivers.

You're required to review, update and attest to the accuracy of your demographic information every 90 days as part of your contract with UnitedHealthcare and/or as outlined by state and federal regulations.

Updating your information is easy

- Sign in at UHCdental.com
- Click on Self-Service and verify the information for each location where you provide dental services
- Click Attest to complete the verification process

Explore the provider portal

Check out the UHCdental.com [user guide](#) to learn about our tools and resources and how to update your demographic information on the provider portal.
