

Streamline appointment scheduling for Blue Shield of California members

It's easier than ever for Blue Shield health plan members to find and book appointments with your practice thanks to our new online scheduling experience, powered by Zocdoc.

Members can now log in to their Blue Shield account and use our *Find a doctor* tool to schedule available appointments in real time with in-network providers who are part of the Zocdoc platform.

Convenient for healthcare providers

No cost to sign up for providers in Blue Shield's network

There is no cost to your practice to be available on Zocdoc or to accept and see scheduled appointments made through the platform.

Thousands of our network providers are already on Zocdoc

Join the thousands of providers in Blue Shield's network that are already on Zocdoc and available to Blue Shield members for scheduling appointments.

Seamless integration with other scheduling software

With 175+ available calendar system integrations, the Zocdoc platform can smoothly integrate with your existing appointment software so you can use both simultaneously.

Support every step of the way

Zocdoc works with your office or provider organization to arrange a simple, one-time set up and is available to support you moving forward.

Learn more and get started

Scan the QR code or visit www.zocdoc.com/bsc to see how it works and sign up. You can also call Zocdoc at **(866) 962-3621** to discuss the details of setting up your provider organization or individual practice.
