Plan acceptance

In 2024, all UnitedHealthcare® Medicare Advantage members will have the UnitedHealthcare UCard®. If a plan offers dental coverage, the front of the member ID card will have **“with dental”** after the plan name. This makes it simpler than ever to verify you can support a patient through your participation in the UnitedHealthcare Dental National Medicare Advantage network.

Getting reimbursed

UCards will show plan types as HMO or PPO. Your participation in the UnitedHealthcare Dental National Medicare Advantage network allows you to see these members and you will get paid for services using the Commercial PPO fee schedule rates*.

*If you participate in the UnitedHealthcare Dental Dual Complete Networks for AZ, NY or PA, then you will be paid on different fee schedules.
